

## **T180** PROFESSIONAL™ AFTERCARE INSTRUCTIONS

For best results and to protect your assets, follow these simple rules for the first 96 hours.

### **For a Healthier & Longer Lasting Beautiful™**

- **Do not** tuck your hair behind your ears.
- Use a satin or silk pillowcase to reduce friction between your hair & pillowcase.
- **For the first** 96 hours, please **Do Not Use** anything that might crimp the hair, e.g., Hats, Ponytail Holder, Rubber Bands, Clips, Head Bands, Sunglass to hold your back or any hair accessories that can leave dents and lines of demarcation.
- **Please Wait** 96 hours before using hair sprays, mousse, hair gels, etc., as they may negatively affect your treatment.
- **Please Wait** a minimum of 48 hours before washing your hair.
- **Please Wait** 72 hours before coloring the hair.
- **DO NOT USE** dandruff shampoos.
- **USE ONLY** Sulfates, Parabens, Phthalates, Silicone-Free shampoos, and conditioners

**T180** PROFESSIONAL™ Vitalizing Shampoo and Conditioner are made using a vegetable keratin blend, which protects your hair and allows the treatment to last longer.

All **T180** PROFESSIONAL™ Hair Care Therapy™ products are natural and were developed and formulated for the health and life of your hair.
